Project Title _____

Project Duration (in months): _____

Project Overview

In no more than 500 words, describe the proposed project, including rationale, goal(s), objectives, key activities, collaborations, and expected outputs and outcomes. Include a brief description of any interdisciplinary aspects of the proposed project.

Anticipated Impact (word limit: 250)

Specify the proposed project's outputs, outcomes, and impact. Outputs are the immediate results of activities (e.g., number of workshops organized, number of people trained, etc.) and outcomes are the change you expect to see in the medium- or long-term (e.g., changes in knowledge, attitudes, and/or skills). Please also describe what longer-term impact you anticipate resulting from the proposed project (we recognize that the impact may not be achieved during the proposed project's timeframe).

Briefly describe how you plan to measure the outputs, outcomes, and impact of your project (word limit: 250)

Please include a list of indicators and tools you will use to measure progress toward the proposed project's outputs, outcomes, and impact. Note that indicators should be specific, measurable, achievable, relevant, and time-bound (SMART).

Collaborations in Turkey and/or in the region (word limit: 250)

Briefly describe any proposed collaborations in Turkey and/or the region.

Briefly describe the key team member(s) who will be implementing the project. What makes them particularly well-suited to pursue this project? (word limit: 250)

Briefly describe the key interdisciplinary aspects of this project. (word limit: 250)

Student Engagement (word limit: 250)

Describe any plans for engaging students (undergraduate and/or graduate students of Columbia University or academic institution(s) in Turkey) in the implementation for the proposed project, including specific activities students will support or lead, supervisory arrangements, and the anticipated duration of student engagement. Please specify the students' anticipated level/year and specialization.
